## DUROCOAT® MATERIAL

The **DUROCOAT® MATERIAL** is thus far Marmorin's greatest achievement in material production.

This material embodies only the best features, so vastly respected by our customers. It can be easily shaped, it has a soft feel, it gives in to the architect's imagination. It allows to combine a range of products that are available in a wide palette of colors and are suitable for custom-trimming as well.

Marmorin's **DUROCOAT® MATERIAL** is the next step in the continuous search for perfection.
